# MINING LIGHTING KIT

Introducing the Eflare Mining Lighting Kit, designed to provide clear, highly visible scene marking across active mine sites and during safety responses. The kit uses high-intensity LED beacons with flexible mounting options, enabling crews to deploy lighting quickly in dynamic, high-risk mining environments.

## Key Features

- ✓ Fast deployment across active mine sites
- ✓ High-visibility marking for hazards and closures
- ✓ Reliable performance around heavy machinery
- ✓ Improves worker safety in low-light environments

## Also Available...

### Specifications
