RAILWAY LIGHTING KIT

Introducing the Eflare Railway Lighting Kit for Rail and Transit, designed to deliver clear, visual marking during operational work and safety responses. The kit includes high-intensity LED beacons with flexible mounting options allowing personnel to deploy lighting quickly in fast-changing trackside or station environments.

Key Features

- ✓ Fast deployment for any rail-side task
- ✓ High-visibility marking for flagging and closures
- ✓ Stable performance during welding and shunting
- ✓ Boosts worker safety in low-light environments
